- For concrete the dosing of cement recommended must be higher than 350 kg/ cubic metres.
- Required means must be provided for a quick installation.

Clean up

Tools must be cleaned with water.

Data sheet

Aspect Translucent liquid

Composition Alkaline solution

Density 1,19 kg/Lt

pH value 14

Solid content > 35%

Performance

1:3 to 1: 5 in mixing water.

Storage

Two years in their original packages protected from the weather and stored in cool and dry places.

Security

Indications of danger:

H302: Harmful if swallowed.

H314: Causes severe skin burns and eye damage.

H318: Causes serious eye damage.

Prudence advice:

P264: Wash ? thoroughly after handling.

P280: Wear protective gloves/protective clothing/eye protection/face protection.
