

# TEAIS SALPICEM, Splash guard and grout projections

## Descripción

Teais Salpicem is a splash-proof liquid and cement grout projections, which prevents setting and facilitates the cleaning of these splashes on the surrounding areas.

## Aplication

It is applied as a splash and projected guard cement grout, which prevents the setting and facilitates the cleaning of these splashes on the surrounding areas, curbs, tiles, planters, etc.

## Surface preparation

The application surface must be clean and dry.

## Modes of application

- Apply by spraying on areas that you want to protect from splashes
- Water can be diluted in order of up to 1: 1 parts, taking into account that dilution reduces the efficiency of the product.
  - Spray on the areas surrounding the polishing works.
  - The product should not be washed until work is finished.
