EMPLAIS EXTERIORES, POWDER PRODUCT USED FOR OUTDOOR PLASTERING

Descripción

White powder product that mixed with water becomes in a plastic blend suitable for plasting cracks and scalings in walls and floors.

Aplication

Used so as to eliminate irregularities on surfaces to be painted afterwards (in interiors and exteriors), to level rendered supports as well as to eliminate cracks and fissures.

Surface preparation

The background of application must be clean and perfectly dry, free of grease, saltpeter and dust, being compact and firm.

Modes of application

To be mix with water.
Apply it by trowel or spatula on thin layer.
