

# EMPLAIS EXTERIORES, POWDER PRODUCT USED FOR OUTDOOR PLASTERING

## Description

White powder product that mixed with water becomes in a plastic blend suitable for plastering cracks and scalings in walls and floors.

## Aplication

Used so as to eliminate irregularities on surfaces to be painted afterwards (in interiors and exteriors), to level rendered supports as well as to eliminate cracks and fissures.

## Surface preparation

The background of application must be clean and perfectly dry, free of grease, saltpeter and dust, being compact and firm.

## Modes of application

To be mix with water.

Apply it by trowel or spatula on thin layer.
