COAIS C, CEMENT WASTE CLEANER

Description

Cleaner of concrete waste, cement, mortar and oxides. Clean with plenty of water 5 minutes after its application. Can be diluted with water. Toxic product: Rubber gloves must be used, protection glasess and mask. Avoid the contact with skin.

Aplication

Cleaning floors, brick walls, wooden formworks, etc.. Do not clean metal or petrous surfaces with this product.

Surface preparation

The supports on which the cleaner is applied must be free of loose particles, and a pre-test should be performed to verify the adequacy of the application and that the cleaner does not damage the media on which it is applied.

Modes of application

Shake To homogenize the product before use.
- Apply with a brush or paint brush.
Fully dampen the wastes, stains, rust, etc and leave to act for 5 minutes approximately.
Then rinse thoroughly with water so as to eliminate any trace of COAIS.
It is hard applied(withtout diluting) or by diluting in water in a proportion of 1:5.
When treating small pieces, it is recommended to soak them in COAIS.
