

DISOLUAIS Normal, SOLVENT FOR SYNTHETIC RESIN AND CHLORORUBBER BASED VARNISHES AND PAINTS

Description

Lacquer thinner and paints based on synthetic resins

Aplication

To dilute chlororubber and synthetic systems and apply the pistol.

Surface preparation

Not applicable.

Modes of application

It is not recommended to repaint quickly after using the product.

When applied on slow-setting synthetic systems, they can be repainted when using DISOLUAIS N solvent, by ensuring that application onto the support has been done at least one week ago. If this is not the case, the support may form a

corrugated film.

It is recommended to test a sample previously or use DISOLUAI B even though it has a slower effect.

Clean up

Not applicable.

Data sheet

-Highly flammable product

Performance

According use.

Storage

3 years in their original containers, tightly closed, dry and cool place.

Security

Indications of danger:
