

# IMPRIMACION XP, ANTICORROSIVE PRIMER BASED ON IRON OXIDE FAST DRYING

## Description

Fast dry primer for structures made of iron or steel with barrier effect. Repaintable with synthetic enamels type ESMAIS after a dry-time of 4 hours. Colours: red and grey.

## Aplication

It is used for protecting against corrosion on metallic surfaces made of iron, steel, light alloys, etc. It is specially formulated for applying by spray gun. Fast dry time.

## Surface preparation

The surface must be clean without dust neither greases, oils or other polluting agents that avoids a correct adherence on the supports.

## Modes of application

Homegenize the content of the package before applying.

- Once cleaning up, dry, free of rust and completely free of grease one layer must be applied by gun using DISOLUAIS SOLVENT.

- After two hours a second layer of primer can be applied.
- Apply a finishing synthetic enamel after 4 hours. The most suitable solvents are ESMAIS and ESMAR.

## Clean up

With DISOLUAIS solvent while the material is wet.

## Data sheet

Density 1,54 kg/lit +/- 0,05

Dry film thickness 35 microns

Dry for repainting 4 hours at 20°C y 65% RH

Solid content in volume > 63%

Temperature of work from 5°C to 30°C

Colour / sro and grey

## Performance

8 sqm/l dry coat of 50 microns

## Storage

2 years in their original packages tightly closed, protected from the weather and stored in cool and dry place.

## Security

## Indications of danger:

H226: Flammable liquid and vapour.

H304: May be fatal if swallowed and enters airways.

H315: Causes skin irritation.

H319: Causes serious eye irritation.

H332: Harmful if inhaled.

H340: May cause genetic defects .

H350: May cause cancer .

H372: Causes damage to organs through prolonged or repeated exposure .

H373: May cause damage to organs through prolonged or repeated exposure .

H412: Harmful to aquatic life with long lasting effects.

## Prudence advice:

---

P210: Keep away from heat/sparks/open flames/hot surfaces. ? No smoking.

P280: Wear protective gloves/protective clothing/eye protection/face protection.

P303+P361+P353: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.

P304+P340: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P308+P313: IF exposed or concerned: Get medical advice/attention.

P370+P378: In case of fire: Use ? for extinction.

P501: Dispose of contents/container in accordance with local/regional/national/international regulation

## Supplementary information:

---

EUH066: Repeated exposure may cause skin dryness or cracking.

EUH208: Contains . May produce an allergic reaction.
