REVETAIS, PLASTIC PAINT USED FOR EXTERIORS

Description

Water based plastic paint for exteriors. It is waterproofing, washable and resistant to bleakness. Suitable for facades, patios, party walls, etc. It can be dyed with TINTAIS. Smooth and matt finish. It complies with ASTM G53 and INCE standards on waterproofing.

Aplication

It is suitable for facades, inner courtyards, back walls, party walls, balconies, towers, domes, etc.

Surface preparation

The support of application must be clean, free of grease, dust, lime based, temper and oil based paints, by being compact and dry.

Modes of application

Homogenize properly the content of the container before using.
- IMPRIMAIS or IMPRIMAIS M.U. primer can be applied (depending on the type of support).
Apply with a paint brush, roller or gun.
The first coating is applied by diluting 10 to 20% in water.
Apply the second coating without diluting.
