

# BARNAIS IGNIFUGO, FIREPROOFING VARNISH WHICH DOES NOT PROPAGATE FIRE.

## Descripción

Transparent varnish based on special resins able to resist fire action providing to wood an uniform and durable finish, for interiors. It complays with norm UNE-23727, NBE-CPI-96, classified as M-1. Solvent DISOLUAIS.

## Aplication

For protecting and decorating wooden surfaces for indoors as decorations and coverings (show rooms, hotels, banks, offices, industry, etc).

## Surface preparation

The surface must be cleaned, free of dust, greases, waxes, old paints and smoothed.

## Modes of application

Shake properly the content of the packages before using.

Apply directly in thin layers by brush or roller.

The first one must be applied diluted (DISOLUAIS) acting as a sealer or pore covering.

Finally, 2 or 3 layers more must be applied without diluting in thin layer letting them rest between each other for sanding softly.

- High hardness and elasticity.
- Resistant against washing, friction, blows, gratings, wet environments and the direct fire.
- It avoids the propagation of fire.
- It complies with norm UNE 23727 (NBE-CPI-96).

## Clean up

With DISOLUAI

## Data sheet

Density 1,05 Kg./Lt.  $\pm$  0,05 at 20°C.

Solid content in volume 24  $\pm$  1 %

Dry for repainting 4 Hs. at 20°C/65% of R.H.

Colour/s Colourless and shiny look.

## Performance

5 sqm per Litre.

## Storage

2 years in their original packages and tightly closed.

## Security

## Indications of danger:

H226: Flammable liquid and vapour.
